Subject : Appreciation of SKF Products & your Support Services

Dear Sir,

Since more than six years we have been using SKF make Bearings, Oil seals and Various Maintenance Tools procured from your organization. We are pleased to inform that on the basis of your knowledge sharing from time to time and providing technical support in introducing latest tools and techniques, we have been able to gain on trouble free running time with reduction in maintenance cost & noise of the process pumps operating round-the-clock.

The SKF products which we really appreciate while working with them are

- *SKF Induction Bearing Heater – Model “Scorpio” TMBH1- more than 6 years*
- *SKF Laser Based Shaft Alignment Tool - Model TKSA 20 – more than 2 years*
- *SKF Bearings and Oil Seals- more than 6 years*
- *SKF Wave lip Oil Seals & Hydraulic Seals - using since last year*

We expect to receive similar Technical support from your organization in coming years.

Thanks & Regards,

(A.R. Mandlik)
